## FEATURES & SPECIFICATIONS

**APPLICATION** — The Bollard-SQ was built to be both decorative and functional. They can be used to light pathways and walkways to help direct pedestrian traffic. They can add value to the aesthetics of a building or structure.

**CONSTRUCTION** — The fixture is made with a durable extruded aluminum housing with overall height of 42". A clear polycarbonate lens protects the optical system.

**FINISH** — A Super Durable Polyester powder coat finish is electrostatically applied in our state of the art paint facility. Standard colors available: Black, Bronze, US Green, White. Custom colors available upon request.

**OPTICAL SYSTEM** — The fixture comes with an adjustable aluminum reflector that creates a symmetric light pattern. It reflects the light down and outward reducing light spillage.

**ELECTRICAL SYSTEM** — Available in 35W thru 100W pulse-start metal halide, and high pressure sodium. Comes standard with a 4KV pulse rated medium base socket. Each 60HZ CWA multi-tap ballast is mounted to an zinc plated steel ballast tray for easy installation.

**MOUNTING** — The bollard comes standard with a zinc base plate, three (3) 3/4" x 18" x 3" anchor bolts, and a rigid anchor bolt template. A centrally located wire entrance is provided. The housing is mounted to the base plate via flush mounting screws.

## Square Bollard BOL SERIES

Bolt Pattern measures 4.5" bolt to bolt.

Anchor Bolts and Rigid Template may be pre-shipped at the customer's request.

Series	Housing Height	Length & Width
<b>BOL</b>	47"	8" x 8"

## ORDERING INFORMATION

Choose the bold face options for the appropriate luminaire configuration for your application and enter on the line above each fixture attribute. Accessories may be factory installed, depending on the particular accessory chosen, but still be ordered as a separate line item.

Example: **BOL 8S 42 100M MT BZ**
