## Features & Specifications

### Application

Great for gyms, walk in coolers, and other sensitive areas. Suitable for indoor and outdoor applications.

### Features

Optimized for T8 or T5 lamp performance. Can be suspended or surface mounted. Complies with federal energy efficiency standards. Continuous polyethane gasketing formed to housing provides a seamless seal. Watertight hubs standard at one end accepts 1/2" conduit. Optional top only hub entry or combination top and end hub entry available for stem mounting applications. Die formed galvanized steel mounting brackets come standard. No holes required for mounting. Unitized internal/external brass mounting stud for structural integrity and continuity of ground.

### Construction

Fixture features a metal gear tray inside a reinforced gray fiberglass housing with a polycarbonate diffuser and positive cam latching.

### Electrical System

ETL listed. Suitable for wet locations. Wet location emergency pack must be specified separately. Ballasts are solid-state electronic. Ballasts and lamp holders are replaceable without removing from ceiling. Discrete voltage must be specified for emergency pack options when wired with flex.

### Finish

All reflective surfaces are finished with a high reflectance, lighting fixture white polyester powder.

## CVTC SERIES VAPOR TIGHT

### DIMENSIONS

Wide Distribution Reflector

Please contact your Horizon Sales Representative for more information.

All dimensions subject to change without notice.

### Ordering Nomenclature

Ex: (Vapor Tight Fixture, 4 Lamps, F32T8, Polycarbonate, Multi-Volt = CVTC232D)
