FEATURES & SPECIFICATIONS

APPLICATION — Techlight's line of low bays was designed for light manufacturing, warehouse, retail, assembly lines, or production environments. The acrylic drop reduces shadows and provides a wide uniform distribution.

CONSTRUCTION — Heavy duty die cast aluminum housing with a white polyester powdercoat finish. Spun aluminum reflector and collar assembly. ETL and CETL Listed.

FINISH — A Super Durable Polyester powder coat finish is electrostatically applied in our state of the art paint facility. Standard colors available: White. Custom colors¹ available upon request.

OPTICAL SYSTEM — The aluminum reflector focuses light downward on working surfaces. The drop lens spreads the downward light evenly in a wide symmetric pattern. Designed for mid to low range mounting heights.

ELECTRICAL SYSTEM — Available in 250W thru 400W standard metal halide, pulse-start metal halide, and high pressure sodium. Comes standard with a 4KV pulse rated mogul base socket. Each 60HZ CWA multi-tap² or 480V ballast is pre-wired and installed for convenience.

MOUNTING — Splice box for direct hard wire, hook, cord, and plug assembly, or pendant mount.

22" Low Bay TL22M SERIES

Series	Housing Height	Length & Width
TL22M	22.00"	22.00" x 22.00"

ORDERING INFORMATION

Choose the bold face options for the appropriate luminaire configuration for your application and enter on the line above each fixture attribute. Accessories may be factory installed, depending on the particular accessory chosen, but still be ordered as a separate line item.

Example: **TL22M-9-5-0**
