

Copper Path Light

Catalog Number	
Project	Type

FEATURES & SPECIFICATIONS

APPLICATION — The TL Copper Path Light Series showcases a simple contemporary design with the sturdy construction of copper.

OPTICAL SYSTEM — TL frosted glass lens encompasses the light source to create an evenly diffused symmetrical light pattern. The TLSCPL comes with a 6.7" round cutoff flare top to keep light directed downwards. The TLPLKMC comes with a small cap top and directional side shield.

MOUNTING — Select 12" or 18" tall, 1/2" NPT stem and mounting stake. Provided with a 3' long 18 ga. whip and low voltage connector.

FINISH — The fixture is sold copper and will patina naturally over time.

ORDERING INFORMATION

Choose the bold face options for the appropriate luminaire configuration for your application and enter on the line above each fixture attribute. Accessories may be factory installed, depending on the particular accessory chosen, but still be ordered as a separate line item.
