Features & Specifications

WV102 SERIES
WALL / VANITY 102

Application
Wall/Vanity fixtures are useful for illuminating corridors, stairwells, lavatories, dressing rooms, utility/area, and task lighting.

Features
Optimized for T8 or T5 lamp performance.

Construction
Housing constructed of structurally embossed, heavy gauge, cold rolled steel with acrylic lens.

Electrical System
ETL listed. Suitable for damp locations. Damp location emergency pack must be specified separately. Ballasts are solid-state electronic. Ballasts and lamp holders are replaceable without removing from wall.
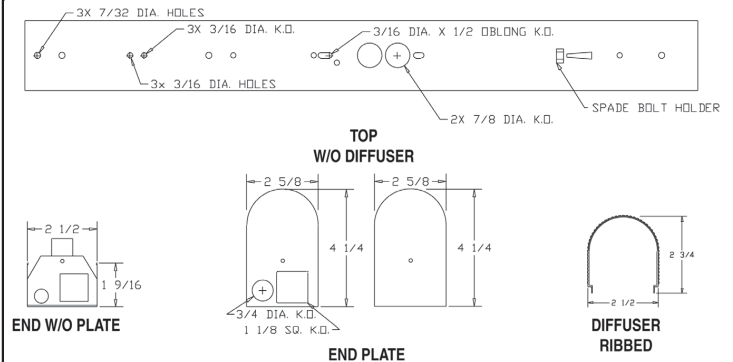

Finish
All reflective surfaces are finished with a high reflectance, lighting fixture white polyester powder.
